**Summary of Legislation:** The bill allows an operator of or a worker at a charity gaming event (other than a full-time employee of the qualified organization conducting the event) to receive remuneration of not more than \$50 for conducting or assisting in conducting the event. It provides that meals, recognition dinners, and social events for operators and workers are permitted if they do not constitute an unreasonable expenditure in the conduct of an allowable event. It relocates the prohibition on paying volunteer ticket agents to the statute imposing other rules on the use of a volunteer ticket agent.

**Effective Date:** July 1, 2013.

**Explanation of State Expenditures:**

**Explanation of State Revenues:** Current statute prohibits a charity gaming event operator, worker, or volunteer ticket agent from receiving remuneration for conducting or working at the charity gaming event, if he or she is not a full-time employee of the qualified organization conducting the charity gaming event. The bill would allow a charity gaming event operator or worker who is not a full-time employee to receive up to \$50 in remuneration for conducting or working at a charity gaming event. (Note: The change would not apply to volunteer ticket agents.) This change would not affect the basis for computing charity gaming license fees or the charity gaming excise tax.
